## Top Reasons to Purchase the echelon™ Steel Security Cases

---

### ***Durable ABS plastic coin containment lid***

- Seals off coin compartments to prevent coins from mixing during transport
- Allows for under lid storage of receipts, extra currency, etc.

### ***Cash tray check slot***

- Permits check, receipt, etc. placement under the cash tray without lifting the tray

## 5 Convenient and Easy to Use

### ***External key lock/combination lock/latch design***

- Located on lid top front for easy access to open/unlock case

### ***Unique ergonomic handle designs***

- Slim Steel Security Case
  - Durable ABS sliding handle easily glides out during transport
  - Conveniently slides flush against box when not in use
  - Facilitates compact case style for easy transport and storage
- Premier and Elite Steel Security Cases
  - Soft neoprene handle located on box lid center easily pulls up for transport and lies flush to box top when not in use
  - Soft touch ergonomic handle provides comfort and minimizes hand fatigue
  - Reinforced spring steel design provides quality and durability

## 6 Designed for Maximum Currency and Valuable Storage and Organization

### ***Superior cash tray design and organization***

- Slim and Premier Steel Security Cases
  - Standard Tray Design – Five rounded coin and one rounded paper currency compartment
- Elite Steel Security Case
  - Deluxe Tray Design – Six rounded coin and four rounded paper currency compartments with patented bill weight design
  - Bonus compartment for pen storage

### ***Multiple storage areas to secure items***

- Unique under lid storage area
  - Allows for protected valuable item storage
  - Flexible bungee cord attached to plastic lid secures items
- Ample under cash tray storage
  - Enables safe storage for a variety of valuable items

### ***Elite Steel Security Case bonus executive portfolio***

- Removable portfolio stores conveniently under security case lid
- Accommodates storage of important paperwork, extra cash, etc.
- Detaches for transport of cash and documents

## 7 MMF Industries Maintains the Highest Industry Standards

### ***Total quality development, materials and manufacturing***

- Durable steel construction for long lasting use
  - Enhances case security
  - Manufactured with recycled material content to promote environmental preservation
- Resilient ABS plastic is lightweight and can withstand high impact
- Continuous piano hinge design facilitates superior strength and security and allows for maximum case opening
