## Manual Cash Drawers

MMF Manual Cash Drawers have long been used in applications such as banking where access to the drawer needs to be manually controlled. MMF Manual Cash Drawers are available in heavy and medium duty models and in several sizes designed to meet most installation needs. All models can be key locked or "push button" opened for ease and repetitive use. An alarm bell sounds each time the drawer is opened or the bell can be disconnected. The drawers can all be mounted below the counter with optional brackets.

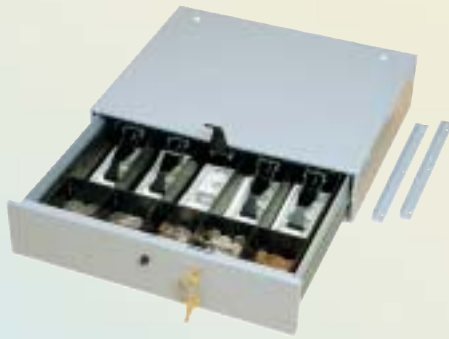

The **MCD 101** manual drawer offers heavy-duty unitized construction that provides durability and security. Textured, hybrid powder coat finishes in Putty (89), Black (04), Storm Gray (G2) or Cool White (E5) and a stainless steel front panel presents a professional looking addition to any Point of Sale station. A "touch button" drawer release located to the right of the drawer provides quick openings to expedite transactions. The permanent guide rails and nylon/steel bearing wheels combine for a smooth operation. This drawer comes with a removable ABS "Tuffy" cash tray, 5 coin/5 bill and spring loaded steel bill weights. Dimensions: 18.81" W x 15.18" D x 3.87" H (Also available 19.75" D).
