

VAL-u Line Cash Drawers

The Perfect Cash Drawer for Medium Duty Applications.

Medium duty POS systems are typically lower priced and less robust than their heavier duty counterparts. While MMF's VAL-u Line cash drawers are certainly lower priced, they are still durable enough to meet the demands of verticals like Specialty Stores and Cafeterias where a medium duty cash drawer might be called for. Stainless steel models are also available for use in wash-down environments. This line offers affordable versatility and provides many performance features found only in higher priced, heavier duty drawers.

- All steel construction
- Roller bearing suspension rails
- Under-counter mounting brackets available
- Dual media slots
- High impact plastic cash tray and bill weights
- 5 bill and 8 adjustable coin (removable) sections

(N.A. in stainless steel)

All models feature

- Center lock
- Roller bearing suspension system
- 4 bill adjustable /5 coin cash tray
- MMF Kwick Kables for printer-driven version

New

For applications with limited space, the compact European style **Flip Top** cash drawer is a viable answer. Measuring only 18 x 6.7 x 4 inches, this newest member of the popular VAL-u Line series of cash-drawers is available with an interchangeable receipt printer cable or IBM compatible cable. The unit features a hinged stainless steel lid, robust removable cash tray and a locking cash tray cover. A large, easily accessible slot makes it convenient to deposit and store media of any size. The size and economical price point make this an ideal drawer for applications such as grocery and ticketing.
